Power to Be

Workbook

dōTERRA®

New Year's resolutions don't work!

In fact, they often set you up for failure, leaving you feeling worse than when you started. Resolutions are limiting, but a theme is all-encompassing.

Choosing an annual theme gives you a direction to pursue—a future version of yourself to work toward. When you make decisions based on what you want your future to look like, it's far easier to create habits that support the life you want.

What do you want to be in 2023?

As you choose your annual theme, consider the direction you want to move in. Think about your future self and what your life looks like now. Choose a word from this list or come up with your own and prepare for transformation.

30-Day Challenge

You only need two things to be successful for this 30-day challenge: the MetaPWR™ Metabolic System and the dōTERRA Lifelong Vitality Pack® (LLV).

If you're brand new, reach out to the person who shared dōTERRA with you or get started here:

If you're a Wholesale Customer, you can save even more by adding the MetaPWR system and LLV to your loyalty order using the "cart within a cart" option.

30-Day Challenge Timeline

Week 1

Health begins with putting nutritious foods—the right fuel—in your body.

Week 2

This week, you'll focus on rest and digestion, which are just as essential as nutrition. Got to digest those nutrients you're taking in!

Week 3

Whether you're just starting out, exercising regularly, or getting back to it after a break, you'll think about movement like you did eating—from a long-term lifestyle perspective.

Week 4

Your metabolism is a complex system that you'll learn how to support this week.

Why stop now?

Commit to another 30 days and join us for new ways to habit stack and live a more powerful life.
